GENERAL PROXY MATTERS

Solicitation of Proxies

This Information Circular is dated May 28, 2018 and is furnished in connection with the solicitation by management of Graphite One Resources Inc. (the “**Corporation**”) of proxies from holders (“**Shareholders**”) of common shares of the Corporation (“**Common Shares**”) for use at the annual general and special meeting of the Shareholders (the “**Meeting**”) to be held on Wednesday, June 27, 2018 at 1:00 p.m. (Vancouver time) at the offices of Farris, Vaughan, Wills & Murphy LLP, Suite 2500, 700 West Georgia Street, Vancouver, British Columbia, V7Y 1B3 and at any adjournment or postponement thereof for the purposes set out in the accompanying notice of the Meeting (the “**Notice of Meeting**”).

Any solicitation will be primarily by mail but may also be by telephone, facsimile or in person by directors, officers or employees of the Corporation (who will not be additionally compensated therefor). The cost of any solicitation will be borne by the Corporation.

Appointment and Revocation of Proxies

The persons named in the accompanying form of Proxy are directors and/or officers of the Corporation. **Shareholders desiring to appoint some other person (who is not required to be a shareholder of the Corporation) to represent him or her at the Meeting may do so either by inserting such person's name in the blank space provided in the Proxy and deleting the names printed thereon or by completing another proper Proxy.** Such Shareholder should notify the nominee of his appointment, obtain his consent to act as proxy and instruct him on how the Shareholder's shares are to be voted.

A Proxy will not be valid for the Meeting or any adjournment or postponement thereof unless it is signed by the Shareholder or by his attorney authorized in writing or, if the Shareholder is a corporation, it must be executed under corporate seal or by a duly authorized officer or attorney of such corporation and delivered to the Corporation c/o Computershare Trust Company of Canada, the Transfer Agent and Registrar of the Corporation, Attention: Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1, Facsimile: 1-866-249-7775 (within Canada & the United States) or 416-263-9524 (International), not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting or any adjournment or postponement thereof.

A Shareholder who has given a proxy may revoke it, in any manner permitted by law, including by instrument in writing, executed by the Shareholder or by his attorney authorized in writing or, if the Shareholder is a corporation, executed by a duly authorized officer or attorney of such corporation and deposited with the Corporation c/o Computershare Trust Company of Canada, at the address specified above at any time up to and including the last business day preceding the day of the Meeting or any adjournment or postponement thereof or with the Chairman of the Meeting on the day of the Meeting or any adjournment or postponement thereof.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of Shareholders do not hold shares in their own name. Shareholders who do not hold shares in their own name (referred to in this Information Circular as “**Beneficial Shareholders**”) should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the

Shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the names of the Shareholder's broker or an agent of that broker. In Canada, the majority of such shares are registered under the name of CDS Clearing and Depository Services Inc. (which acts as nominee for many Canadian brokerage firms). Shares held by brokers or their agents or nominees can only be voted upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person.**

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is similar to the form of proxy provided to registered Shareholders by the Corporation. However, its purpose is limited to instructing the registered shareholder (the broker or agent of the broker) on how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically prepares a machine-readable voting instruction form which is mailed to Beneficial Shareholders with a request that the Beneficial Shareholders return the forms to Broadridge or otherwise communicate voting instructions to Broadridge (i.e. by way of the internet or telephone). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. The Corporation does not intend to pay for the costs of an intermediary to deliver the proxy-related materials to objecting Beneficial Shareholders. **A Beneficial Shareholder receiving a Broadridge voting instruction form cannot use that form to vote Common Shares directly at the Meeting - the voting instruction form must be returned to Broadridge or voting instructions communicated to Broadridge well in advance of the Meeting in order to have the Common Shares voted.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for purposes of voting Common Shares registered in the name of his broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the registered Shareholder and vote the Common Shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and vote their Common Shares as proxyholder for the registered Shareholder should contact their broker or other intermediary, well in advance of the Meeting.**

Notice to Shareholders in the United States

The solicitation of proxies involve securities of an issuer located in Canada and is being effected in accordance with the corporate laws of the Province of British Columbia, Canada and securities laws of the provinces of Canada. The proxy solicitation rules under the United States Securities Exchange Act of 1934, as amended, are not applicable to the Corporation or this solicitation, and this solicitation has been prepared in accordance with the disclosure requirements of the securities laws of the provinces of Canada. Shareholders should be aware that disclosure requirements under the securities laws of the provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by Shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Corporation is incorporated under the *Business Corporations Act* (British Columbia) certain of its directors and its executive officers are residents of Canada and a substantial portion of its assets and the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

Voting of Proxies

All shares represented at the Meeting by a properly executed Proxy will be voted on any ballot that may be called for and, where a choice with respect to any matter to be acted upon has been specified in the Proxy, the shares

represented by the Proxy will be voted or withheld from voting in accordance with such specification. **In the absence of any such specification or instruction, the persons whose names appear on the Form of Proxy, if named as proxies, will vote in favour of all of the matters set out in the Notice of Meeting.**

The enclosed form of Proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and any other matters which may properly come before the Meeting. As of the date hereof, management of the Corporation is not aware of any amendments to, variations of or other matters to be presented for action at the Meeting. If, however, amendments, variations or other matters properly come before the Meeting, the persons designated in the form of Proxy will vote thereon in accordance with their judgment pursuant to the discretionary authority conferred by such Proxy with respect to such matters.

QUORUM FOR THE MEETING

At the Meeting, a quorum shall be two persons present in person, each being a Shareholder entitled to vote thereat or a duly appointed proxyholder or representative for a Shareholder so entitled, who, in the aggregate, hold at least 5% of the issued shares entitled to be voted at the Meeting. If a quorum is present at the opening of the Meeting, the Shareholders present or represented may proceed with the business of the meeting notwithstanding that a quorum is not present throughout the Meeting. If a quorum is not present at the opening of the Meeting, the Shareholders present or represented may adjourn or postpone the Meeting to a fixed time and place but may not transact any other business.

APPROVAL REQUIREMENTS

All of the matters to be considered at the Meeting with the exception of the Company's proposed consolidation of its common shares are ordinary resolutions requiring approval by more than 50% of the votes cast in respect of the resolution by or on behalf of Shareholders present in person or represented by proxy at the Meeting.

With respect to the Company's proposed consolidation of its common shares, the resolution requires approval by more than 66 2/3% of the votes cast in respect of the resolution by or on behalf of Shareholders present in person or represented by proxy at the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The record date for the purpose of determining holders of Common Shares is May 23, 2018. Only the Shareholders of record on that date are entitled to receive notice of and attend the Meeting and vote thereat on the basis of one vote for each Common Share held, except to the extent that a registered Shareholder has transferred the ownership of any Common Shares, subsequent to May 23, 2018 and the transferee of those Common Shares produces properly endorsed share certificates, or otherwise establishes that he or she owns the Common Shares and demands, not later than 10 days before the Meeting, that his or her name be included on the shareholder list before the Meeting, in which case, the transferee shall be entitled to vote his or her Common Shares at the Meeting. The transfer books will not be closed.

The Corporation has an authorized capital consisting of an unlimited number of Common Shares. As at May 28, 2018, there are 295,547,857 Common Shares issued and outstanding as fully paid and non-assessable.

As at the date hereof, to the knowledge of the directors and senior officers of the Corporation, there are currently no persons, firms or corporations owning of record or beneficially, directly or indirectly, or exercising control or direction over 10% or more of the issued and outstanding Common Shares, other than Taiga Mining Company, Inc., which holds 13.56% of the outstanding Common Shares.

unable to serve as a director. However, if that should occur for any reason prior to the Meeting, the persons designated in the enclosed Form of Proxy reserve the right to vote for other nominees in their discretion.

Ratification of Stock Option Plan

The Corporation's incentive stock option plan, as amended and restated (the "**Plan**"), attached hereto as Appendix "A", for directors, officers, employees and consultants of the Corporation and its affiliates was implemented effective April 16, 2008 and approved and ratified at the last annual general meeting of Shareholders held on June 7, 2016. The Plan is a "rolling" stock option plan that restricts the number of stock options that may be granted to a maximum of 10% of the issued Common Shares at the time of the stock option grant and is operated pursuant to the policies of the TSXV. See "Securities Authorized for Issuance Under Equity Compensation Plans" for particulars of the more significant terms of the Plan. TSXV Policy 4.4 requires the Plan to be approved by Shareholders yearly at the Corporation's annual general meeting to reserve for issuance upon the exercise of options granted pursuant to the 10% Plan a maximum of 10% of the issued and outstanding shares of the Corporation at any time.

Pursuant to the TSXV policies and applicable securities laws, the shares underlying the options granted may be restricted from trading for a period of four months from the date of grant of the option.

A summary of some of the additional provisions of the Plan are as follows:

1. options granted to insiders of the Corporation as a total in any twelve-month period shall not exceed 10% of the issued and outstanding shares of the Corporation;
2. options granted to any one person as a total in any twelve-month period shall not exceed 5% of the issued and outstanding shares of the Corporation;
3. options granted to any one Consultant to the Corporation as a total in any twelve-month period shall not exceed 2% of the issued and outstanding shares of the Corporation at the beginning of the period;
4. options granted to all employees, consultants and their associates engaged in investor relations activities for the Corporation in aggregate in any twelve-month period shall not exceed 2% of the issued and outstanding shares of the Corporation at the beginning of the period;
5. options granted shall be non-assignable and not transferable and shall not have a term in excess of ten years;
6. the exercise price of options granted shall not be less than the closing price of the Corporation's shares on the last trading day less any discount permitted by the Exchange, but, in any event, not less than \$0.05 per share;
7. all options granted shall be evidenced by written option agreements; and
8. any amendment to reduce the exercise price of options granted to insiders of the Corporation shall be subject to approval of the disinterested shareholders of the Corporation.

The Board believe the Plan is in the Corporation's best interests and recommend that the shareholders approve the Plan.

Form of Resolution

Shareholders will be asked to consider and, if deemed advisable, approve and pass the following ordinary resolution:

"BE IT RESOLVED THAT, subject to the approval of the TSX Venture Exchange (the "**Exchange**"): "

1. The incentive stock option plan of the Corporation (the “Plan”) be and is hereby ratified and approved;
2. The Corporation is authorized to grant stock options under the Plan in accordance with its terms;
3. The Corporation is authorized to prepare such disclosure documents and make such submissions and filings as the Corporation may be required to make with the Exchange to obtain Exchange acceptance of the Plan; and
4. Authority is granted to the Board of Directors of the Corporation to make such amendments to the Plan as are required by the Exchange to obtain Exchange acceptance of the Plan.”

The persons designated in the enclosed Form of Proxy, unless instructed otherwise, intend to vote in favour of the foregoing resolution.

Approval of Share Consolidation

General Information

The Corporation is asking shareholders to authorize the Board to effect, in its discretion and if they deem it appropriate, a share consolidation of the outstanding Common Shares (the “Share Consolidation”), at a consolidation ratio of up to ten (10) Common Shares being consolidated into one (1) Common Share (10:1), such Share Consolidation to occur at some time before the next annual meeting of shareholders. The Share Consolidation, if passed by the shareholders, will be effected by amending the Corporation’s articles of incorporation, after obtaining Board and regulatory approval.

The Corporation believes that the availability of a range of Share Consolidation ratios up to (10:1) will provide it with the flexibility to implement the Share Consolidation in a manner designed to maximize the anticipated benefits for the Corporation and its shareholders. In determining which precise Share Consolidation ratio to implement, if any, following the receipt of shareholder approval, the Board may consider, among other things, factors such as:

- the historical trading prices and trading volume of the Common Shares;
- the then prevailing trading price and trading volume of the Common Shares and the anticipated impact of the Share Consolidation on the trading market(s) for the Common Shares;
- the outlook for the trading price of the Common Shares;
- threshold prices of brokerage houses or institutional investors that could impact their ability to invest or recommend investments in the Common Shares;
- the greatest overall reduction in the Corporation’s administrative costs; and
- prevailing general market and economic conditions.

At the close of business on May 28, 2018, the closing price of the Common Shares on the TSXV was CA\$0.065. There were 295,547,857 issued and outstanding Common Shares on such date. Based on the number of Common Shares currently issued and outstanding, immediately following the completion of the Share Consolidation, for illustrative purposes only, assuming a Share Consolidation ratio of 10-for-1, there would be approximately 29,554,785 Common Shares issued and outstanding. The Corporation does not expect the Share Consolidation itself to have any economic effect on shareholders or other securityholders.

Reasons for the Share Consolidation

The Board believes that the Share Consolidation could heighten the interest of the financial community in the Corporation and potentially broaden the pool of investors that may consider investing or be able to invest in the Corporation by increasing the trading price of the Common Shares and decreasing the number of outstanding Common Shares. It could also help to attract institutional investors who have internal policies that either prohibit them from investing in public companies whose share price is below a certain minimum price or tend to discourage individual brokers from recommending such stock to their customers.

Risks Associated with the Share Consolidation

Reducing the number of issued and outstanding Common Shares through the Share Consolidation is intended to increase the per share market price of the Common Shares; however, the market price of the Corporation's Common Shares will also be based on other factors, which are unrelated to the number of shares outstanding. As a result, there can be no assurance that the market price of the Common Shares will in fact increase following the Share Consolidation or will not decrease in the future. In addition, in the future, the market price of the Common Shares following the Share Consolidation may not exceed or remain higher than the market price prior to the Share Consolidation and thus the total market capitalization of the Corporation's Common Shares after the Share Consolidation may be lower than the total market capitalization before the Share Consolidation.

While the Corporation believes that a higher share price could help to attract institutional investors who have internal policies that either prohibit them from purchasing stock below a certain minimum price or tend to discourage individual brokers from recommending such stock to their customers, the Share Consolidation may not result in a share price that will attract institutional investors or that satisfy the investing guidelines of institutional investors.

If the Share Consolidation is affected and the market price of the Corporation's Common Shares declines, the percentage decline as an absolute number and as a percentage of the Corporation's overall market capitalization may be greater than would occur in the absence of the Share Consolidation. In many cases, both the total market capitalization of a company and the market price of such company's common shares following a share consolidation are lower than they were before the share consolidation. Furthermore, the reduced number of Common Shares that would be outstanding after the Share Consolidation could adversely affect the liquidity of the Common Shares. The Share Consolidation will, in all likelihood, also result in some shareholders owning "odd lots" of fewer than 100 Common Shares on a post-consolidation basis. Odd lots may be more difficult to sell, or require greater transaction costs per share to sell, and brokerage commissions and other costs of transactions in odd lots are generally somewhat higher than the costs of transactions in "round lots" of even multiples of 100 Common Shares.

Effecting the Share Consolidation

Once the Corporation determines the consolidation ratio and that it is in the best interests of the Corporation to proceed with the Share Consolidation, it will amend its articles in accordance with the *Business Corporations Act* (British Columbia) (the "**BCBCA**"), upon which time the Share Consolidation will become effective. Concurrently, a new CUSIP number will be assigned to the Common Shares and letters of transmittal will be distributed to Registered Shareholders in order to issue replacement share certificates. Registered Shareholders will complete the letter of transmittal and return it along with the old share certificate to the transfer agent. The transfer agent will then issue the new share certificates to all Registered Shareholders who have validly submitted letters of transmittal.

Fractional Common Shares

No fractional Common Shares will be issued as a result of the Share Consolidation. Where the Share Consolidation would result in a shareholder being entitled to receive a fractional share, the fractional Common Share resulting from the Share Consolidation will be rounded down to the next whole number. In all other respects, the post consolidated Common Shares will have the same attributes as the pre-consolidated Common Shares.

Recommendation of the Board

The Board has determined that the Share Consolidation is in the best interests of the shareholders and the Corporation. The Board recommends that the shareholders vote **FOR** the adoption of the Share Consolidation Resolution.

Approval of Share Consolidation Resolution

At the Meeting, shareholders will be asked to consider and, if thought fit, to pass, with or without amendments, the following special resolution:

“BE IT RESOLVED AS A SPECIAL RESOLUTION THAT:

1. the Corporation's authorized share capital be altered by consolidating all its Common Shares without par value on the basis of up to every ten (10) of such Common Shares without par value being consolidated into one (1) Common Share without par value, such Share Consolidation to occur at some time before the next annual and general meeting;
2. any fractional shares of the Corporation arising from the Share Consolidation be rounded down to the nearest whole share of the Corporation;
3. the directors of the Corporation, in their sole and complete discretion, may act upon these resolutions to effect the Share Consolidation if deems it appropriate and without any further approval from the shareholders of the Corporation, may choose not to act upon these resolutions notwithstanding shareholder approval of the Share Consolidation; and
4. any one director or senior officer of the Corporation is authorized and directed on behalf of the Corporation to take all necessary steps and proceedings and to execute, deliver all documents and instruments and take such other actions, including making all necessary filings with applicable regulatory bodies and stock exchanges, as such director or officer may determine to be necessary or desirable to implement this ordinary resolution and the matter authorized hereby, such determination to be conclusively evidenced by the execution and delivery of any such document or instrument and the taking of any such action.”

In accordance with the Corporation's articles and the BCBCA, in order to pass the special resolutions, at least two-thirds of the votes cast at the Meeting must be voted in favour of the resolution.

If shareholders pass the resolution, the consolidation will take effect on a date to be coordinated with the TSXV and announced in advance by the Corporation.

The persons designated in the enclosed Form of Proxy, unless instructed otherwise, intend to vote in favour of the foregoing resolution.

OTHER BUSINESS

Management is not aware of any other business to come before the Meeting other than the matters referred to in the Notice of Meeting. However, if any other matter properly comes before the Meeting, the accompanying Form of Proxy confers discretionary authority to vote with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters that may properly come before the Meeting.

Stock Option Plans and Other Incentive Plans

The Corporation does not operate any plans which pay or distribute cash or non-cash compensation to executive officers other than the Plan which is operated in accordance with the policies of the Exchange. The Plan permits the Board of the Corporation to grant incentive stock options to directors, officers, employees and consultants of the Corporation and its affiliates. Pursuant to the Plan and policies of the TSXV, options may be granted to acquire a maximum number of Common Shares equal to 10% of the total issued and outstanding Common Shares of the Corporation at the time of the grant and the aggregate number of securities reserved for issuance to any individual optionee in any 12 month period may not exceed 5% (2% in the case of consultants) of the issued and outstanding Common Shares. The options are non-transferable and will expire, if not exercised, immediately upon termination of employment or removal from office for cause; 90 days following the date the optionee ceases to be a director, officer or employee of the Corporation for reasons other than termination or removal for cause; one year after the death of an optionee; and on the tenth anniversary of the date the option was granted (subject to extension where the expiry date falls within a “blackout period”). As of the date hereof (May 28, 2018), there are 25,300,000 options outstanding under the Plan.

Under the Plan, the option exercise price must not be less than the closing price of the Corporation’s common share on the TSXV on the day immediately preceding the date of grant, less the applicable discount permitted by the policies of the TSXV and the minimum exercise price must be at least \$0.05. An option granted under the Plan must be exercisable within a period of 10 years from the date of granting, subject to extension pursuant to the Plan. Within this 10 year period, the Board of the Corporation may determine the limitation period during which an option may be exercised and whether a particular grant will have a minimum vesting period.

Under the policies of the TSXV, if the grant of options under the Plan to “insiders” of the Corporation, together with all of the Corporation’s outstanding stock options, could result at any time in: (a) the number of shares reserved for issuance pursuant to options granted to insiders of the Corporation exceeding 10% of the issued common shares of the Corporation; or (b) the grant to insiders of the Corporation, within a 12 month period, of a number of options exceeding 10% of the issued common shares of the Corporation, such shareholder approval must be “disinterested shareholder approval”.

The policies of the TSXV also provide that “disinterested shareholder approval” will be required for any agreement to decrease the exercise price of options previously granted to insiders of the Corporation.

The Plan is subject to yearly approval by the Corporation’s shareholders. The Plan was implemented effective April 16, 2008 and last approved by the Corporation’s shareholders on June 19, 2017. A copy of the Plan is included as Appendix A to this Information Circular.

Employment, consulting and management agreements

The Company entered into a consulting agreement effective February 1, 2014 with a private company controlled by the President and CEO to provide certain management services to the Company (the “**2014 Agreement**”). Subsequent to September 30, 2016, the Company entered into a new consulting agreement to replace the 2014 Agreement with a private company controlled by the President and CEO (the “**New President & CEO Agreement**”). Subsequent to September 30, 2016, the Company finalized the terms of the employment agreement with the Executive Chairman. Effective January 1, 2016, the Chief Financial Officer has been engaged as an employee of the Company. Subsequent to September 30, 2016, the Company finalized the terms of the employment agreement with the Chief Financial Officer. Under this agreement, the Company will pay an annual fee for services of \$190,000 and, in the event of a change of control of the Company, an amount equal to two times the annual salary.

Oversight and Description of Director and Named Executive Officer Compensation

The Corporation does not have a formal compensation program. The Board relies on the recommendations of the Compensation Committee and the experience of the directors to ensure that total compensation paid to the Corporation's management is fair and reasonable.

The Compensation Committee is comprised of the following members as at the date hereof: Douglas Smith (not independent), Brian Budd (Independent) and Patrick Smith (Independent). Certain members of the Compensation Committee are experienced at setting compensation policies and guidelines within other corporations.

The responsibilities of the Compensation Committee in respect of compensation matters includes reviewing and recommending to the Board the compensation policies and guidelines for supervisory management and personnel, corporate benefits, bonuses and other incentives, reviewing and approving corporate goals and objectives relevant to CEO compensation and non-CEO officer and director compensation, the review of executive compensation disclosure, succession plans for officers and for key employees and material changes and trends in human resources policy, procedure, compensation and benefits.

The Compensation Committee meets to discuss and determine management compensation as required, without reference to formal objectives, criteria, or analysis. The general objectives of the Corporation's compensation decisions are:

- to encourage management to achieve a high level of performance and results with a view to increasing long-term shareholder value;
- to align management's interests with the long-term interest of shareholders;
- to provide compensation commensurate with peer companies in order to attract and retain highly qualified executives, and;
- to ensure that total compensation paid takes into account the Corporation's overall financial position.

The compensation to executive officers is comprised of salaries or management fees paid to companies controlled by executive officers and incentive stock options in accordance with the Corporation's Plan. In establishing levels of cash compensation and the granting of stock options, the executive officer's performance, level of expertise, responsibilities, time spent, and comparable levels of remuneration paid to executive officers of peer companies are considered.

Incentive stock options are granted pursuant to the Corporation's Plan, which is designed to encourage share ownership on the part of management, directors, employees, and consultants. The Board believes that the Plan aligns the interests of the Corporation's personnel with shareholders by linking compensation to the longer term performance of the Corporation's shares. The granting of incentive stock options is a significant component of executive compensation as it allows the Corporation to reward each executive officer's efforts to increase shareholder value without requiring the use of the Corporation's cash reserves.

Stock options are generally granted at the time a director is appointed to the Board, or an executive officer is hired or engaged, and periodically thereafter. Previous grants of options are taken into account by the Board when it considers the granting of new stock options. The Board does not use a formal quantitative valuation technique in determining the granting of options; rather, current and forward-looking market conditions are assessed qualitatively in decisions to grant stock options.

Named Executive Officer Purchase of Financial Instruments

The Corporation has not adopted a policy to prohibit NEOs and directors from purchasing financial instruments, including prepaid forward contracts, equity swaps, collars, or units of exchange funds (collectively, “**Hedging Contracts**”) that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director. Based on information provided to the Corporation by the NEOs and directors, as of the date hereof, no NEO or director has purchased any Hedging Contracts with respect to the Corporation.

Pension Disclosure

The Corporation does not have any pension, defined benefit, defined contribution or deferred compensation plan in place.

Risk Considerations

Commencing in 2012, the Compensation Committee meets to review from time to time, the risks, if any, associated with the Corporation’s compensation policies and practices at such time. Implicit in the Compensation Committee’s mandate is that the Corporation’s policies and practices respecting compensation, including those applicable to the Corporation’s executives, be designed in a manner which is in the best interests of the Corporation and its shareholders and risk implications is one of many considerations which are taken into account in such design.

It is anticipated that a portion (set at a level consistent with its industry peers) of the Corporation’s executive compensation will consist of options granted under the Plan. Such compensation is both “long term” and “at risk” and, accordingly, is directly linked to the achievement of long term value creation. As the benefits of such compensation, if any, are not realized by the executive until a significant period of time has passed, the ability of executives to take inappropriate or excessive risks that are beneficial to them from the standpoint of their compensation at the expense of the Corporation and its shareholders is extremely limited.

The other two elements of compensation, salary and bonus, represent the remaining majority portion of an executive’s total compensation and neither salary nor bonus are “long term” or “at risk”.

Due to the small size of the Corporation, and the current level of the Corporation’s activity, the Board and the Compensation Committee are able to closely monitor and consider any risks which may be associated with the Corporation’s compensation policies and practices. Risks, if any, may be identified and mitigated through regular Board meetings during which, financial and other information of the Corporation are reviewed, and which incorporation includes executive compensation. No risks have been identified arising from the Corporation’s compensation policies and practices that are reasonably likely to have a material adverse effect on the Corporation.

Termination and Change of Control Benefits

The Corporation entered into an agreement effective October 1, 2016 with a private company controlled by Anthony Huston, the President and CEO which provides management services to the Corporation. Under this agreement, the Corporation will pay \$750,000 in the event of change of control of the Corporation, an amount equal to three times the annual fee.

Effective January 1, 2016, the Corporation entered into an employment agreement with Douglas Smith, the Executive Chairman. Under this agreement, the Corporation will pay \$400,000 in the event of change of control of the Corporation, an amount equal to two times the annual salary.

Effective January 1, 2016, the Corporation entered into an employment agreement with Alan Ahlgren the Chief Financial Officer. Under this agreement, the Corporation will pay \$380,000 in the event of change of control of the Corporation, an amount equal to two times the annual salary.

Assuming that there was a change of control on December 31, 2017, the estimated incremental payments and benefits related to the change of control would total \$1,530,000.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The Corporation does not operate any plans which pay or distribute cash or non-cash compensation to executive officers other than the Plan which is operated in accordance with the policies of the TSXV. The Plan permits the Board of the Corporation to grant incentive stock options to directors, officers, employees and consultants of the Corporation and its affiliates. Pursuant to the Plan and policies of the TSXV, options may be granted to acquire a maximum number of Common Shares equal to 10% of the total issued and outstanding Common Shares of the Corporation at the time of the grant and the aggregate number of securities reserved for issuance to any individual optionee in any 12 month period may not exceed 5% (2% in the case of consultants) of the issued and outstanding Common Shares. CORPORATE GOVERNANCE

Board of Directors

The Board is currently comprised of four directors, two of whom are independent using the definition of independence set out in section 1.4 of National Instrument 52-110 – Audit Committees ("**NI 52-110**"). A director is independent if he has no direct or indirect material relationship to the Corporation. A "material relationship" is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgment. Certain types of relationships are by their very nature considered to be material relationships and are specified in section 1.4 of NI 52-110.

Brian Budd and Patrick Smith are the current two directors on the Board who are independent. Anthony Huston is not independent as he is the President and Chief Executive Officer of the Corporation. Douglas Smith is not independent as he is the Executive Chairman of the Corporation.

The size of the Corporation is such that all of the Corporation's business operations are conducted by a small management team which is also represented on the Board. The Board considers that management is effectively supervised by the independent directors on an informal basis as the independent directors are actively and regularly involved in reviewing and supervising the operations of the Corporation and have regular and full access to management. The independent directors are able to meet at any time without members of management and non-independent directors being present. Further supervision is performed through the Audit Committee, which can meet with the Corporation's Auditors without management in attendance. The independent directors discharge their responsibilities for independent oversight of management through their representation on the Board.

Directorships

Directors who are also directors of other issuers that are reporting issuers (or the equivalent) are set forth below.

Director	Other Directorships	Stock Exchange Listing
Brian Budd	Siyata Mobile Inc. Venzee Technologies Inc.	TSX Venture Exchange TSX Venture Exchange

Orientation and Continuing Education

The Corporation does not have formal orientation and training programs. New directors are provided with: (a) information respecting the functioning of the Board and its committees, and copies of the Corporation's governance and other policies; (b) access to recent and historical publicly filed documents of the Corporation, technical reports and the Corporation's internal financial information and records; and (c) access to management, technical experts and consultants. Directors also receive ongoing education on the Corporation's operations by way of management presentations. Directors maintain the skill and knowledge necessary to meet their obligations as directors through a combination of their existing education and experience as business persons and managers, service as directors of other public issuers and advice from the Corporation's legal counsel, auditors and other advisers.

Ethical Business Conduct

The Board views good corporate governance as an integral component to the success of the Corporation and to meet its responsibilities to shareholders. The Board has adopted a written code of business conduct and ethics (the "Code") for its directors, officers, consultants and employees, which can be viewed at www.sedar.com. The Code states basic principles to guide the affairs of the Corporation. The Corporation is to conduct its business and affairs honestly and with integrity, using high ethical standards with a view to the best interests of the Corporation as a whole and to enhance shareholder value. The Code requires compliance with accounting requirements and accuracy of records, mandates compliance with laws in each jurisdiction in which the Corporation carries on its business, addresses conflicts of interest, requires compliance with the Corporation's policies, prohibits discrimination, intimidation and harassment, promotes safety and protection of the environment, promotes respect and enhancement of the economic and social situations of communities in which the Corporation conducts its operations, discourages payments to public officials as well as the giving and receipt of gifts or other personal benefits, and promotes the observance of high ethical standards with companies and individuals with which the Corporation does material business.

Members of the Board ensure that they and management set an example by conducting the Corporation's business and dealings with the highest ethical standards. Through management, the Board ensures that employees and consultants are made aware of, and comply with, the Code. Individuals who breach the Code may be subject to disciplinary action including dismissal.

Nomination of Directors

The Corporation does not have a formal process or committee for proposing new nominees to the Board. The Board is responsible for identifying potential Board candidates. It assesses potential candidates to fill perceived needs on the Board for required skills, education, expertise, independence and other relevant factors.

Compensation

It is the Corporation's current policy to pay independent directors a fee of \$24,000 annually for the performance of their duties as directors of the Corporation as well as incentive stock options which are granted on a discretionary basis by the Board as a whole. The Board as a whole, on the recommendation of the Compensation Committee, determines the compensation for the CEO and the directors and reviews compensation set by the CEO for other officers and staff. The Compensation Committee will be comprised of Brian Budd and Patrick Smith, who are non-management directors and Douglas Smith who is a management director.

Other Board Committees

The Board does not have any standing committees other than the Audit Committee and Compensation Committee. As the size of the Corporation does not warrant a larger Board and as directors are actively involved in the operations of the Corporation, the Board has determined that additional Board committees are not necessary at this stage of the Corporation's development.

Assessments

The Board monitors but does not formally assess the effectiveness of the Board as a whole, the committees of the Board or the performance or contribution of individual directors. The Board satisfies itself that the Board, its committees and individual directors are performing effectively through regular interaction and through open communication with the Executive Chairman and other senior management to ensure that strategic and governance risks and objectives are being addressed on a continuous basis.

AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITORS

The Audit Committee's Charter

The text of the Corporation's Audit Committee charter is attached hereto as Appendix "B".

Composition of the Audit Committee

In the most recently completed financial year, the Audit Committee consisted of: Doug Smith, Brian Budd and Patrick Smith. Brian Budd and Patrick Smith were independent members of the Audit Committee, as defined in NI 52-110 and all members were financially literate. Doug Smith was not an independent member of the Audit Committee as he is the Executive Chairman of the Corporation.

The education and experience of each of the present Audit Committee members that is relevant to the performance of his responsibilities as an audit committee member is as follows:

Doug Smith

Mr. Smith has over 35 years' experience as a senior executive and corporate director and has been consistently engaged in all aspects of executive management, financing, corporate development and investor relations activities as well as evaluation of financial information for mining related ventures. He has completed the Institute of Corporate Directors' Financial Literacy Program.

Patrick Smith

Audit Committee Oversight

At no time since the commencement of the Corporation's most recently completed financial year has a recommendation of the Audit Committee to nominate or compensate an external auditor not been adopted by the Board.

Reliance on Certain Exemptions

Since the commencement of the Corporation's most recently completed financial year, it has not relied on the exemption in section 2.4 (*De Minimus Non-audit Services*) or an exemption granted under Part 8 (*Exemptions*) from NI 52-110. The Corporation is a "venture issuer" as defined in NI 52-110 and is relying on the exemption contained in section 6.1 of NI 52-110, which exempts it from the requirements of Part 3 (*Composition of Audit Committee*) and Part 5 (*Reporting Obligations*) of NI 52-110.

Pre-Approval of Policies and Procedures

If non-audit services to be performed by the external auditor are expected to exceed 5% in aggregate of the total fees that are expected to be paid to the external auditor during the fiscal year, they must be pre-approved by the Audit Committee or by an independent member of the Audit Committee to whom the Audit Committee has delegated authority to grant such pre-approval.

All non-audit services to be performed by the external auditor that are not reasonably expected to exceed 5% in aggregate of the total fees expected to be paid to the external auditor during the fiscal year are deemed by the Audit Committee to have been pre-approved.

All non-audit services that were not recognized as non-audit services at the time of engagement, must be brought to the attention of the Audit Committee, or an independent member of the Audit Committee to whom the Audit Committee has delegated authority to grant such pre-approvals, for approval prior to the completion of the audit.

Appendix "A" Stock Option Plan

Nothing contained herein shall restrict or limit or be deemed to restrict or limit the rights or powers of the Board in connection with any allotment and issuance of any options, rights or shares which were not allotted and issued hereunder. This Plan shall not restrict, limit or preclude the Board from granting options outside of this Plan to officers, directors, Employees or Consultants of the Corporation or to any other person or entity.

The foregoing restrictions may be waived, modified or varied with the consent of the shareholders of the Corporation at a meeting called for such purpose, or by approval of the Stock Exchange.

Options shall be granted by the Board in accordance with this Plan to Eligible Persons in its sole discretion and shall be subject to such approvals as may be required by applicable law or any Stock Exchange upon which any securities of the Corporation are listed.

The grant of every Option hereunder and the terms thereof, including vesting provisions, if any, shall be made by written agreement between the Corporation and the Optionee, the provisions of which shall conform to the provisions of this Plan and shall be otherwise satisfactory to the Board in its sole discretion.

A grant of Options under the Plan shall not be construed as giving an Optionee any right to continue in the employment of the Corporation or any Affiliate, nor shall it affect the right of the Corporation or any Affiliate to terminate the employment or services of any Optionee.

A grant of Options under the Plan shall not be construed as giving an Optionee any rights as a shareholder of the Corporation with respect to any of the Shares underlying the Options unless and until such Optionee shall have become the holder of such Shares upon exercise of such Option in accordance with the terms of the Plan.

For stock options granted to Employees, Management Company Employees or Consultants of the Corporation or its Affiliates, the Corporation is responsible for ensuring and confirming that the Employee, Management Company Employee or Consultant is a bona fide Employee, Management Company Employee or Consultant.

6. Exercise of Options. Unless the Board specifically determines otherwise, the Options granted to an Optionee may be exercised by the Optionee, in whole or in part, from time to time at the Optionee's discretion.

Provided however, that all Options that have not been exercised by the Optionee shall cease to be exercisable and shall expire upon the earliest of:

(a) the termination of employment, the termination of services or the services agreement in respect of a Consultant, or removal of the Optionee as a director or officer of the Corporation or its Affiliates for cause;

(b) ninety (90) days after the termination of employment, the termination of services or the services agreement in respect of a Consultant (except in the case of a Consultant providing investor relations services, in which case, the Options cease to be exercisable thirty (30) days after the termination of such services), or an Optionee ceasing to be an officer or director for reasons other than termination or removal for cause, unless the Optionee remains an Eligible Person;

(c) the first anniversary of the death of the Optionee, by the heirs and administrators of an Optionee's estate; and

Appendix "A" Stock Option Plan

(d) the tenth (10) anniversary of the date on which the Option was granted (subject to extension where the expiry date falls within a "blackout period"), pursuant to section 7;

or such earlier date as the Board may deem appropriate in its sole discretion at the time the Option was granted.

The exercise of an Option will be contingent upon receipt by the Corporation of payment of the full exercise price of such Option. No Optionee or legal representative, legatee or distributee in respect of an Optionee shall be considered to be a holder of any Share subject to an Option, unless and until such Share has been fully paid for and issued upon the exercise of the Option.

7. **Blackout Periods.** An Option will be automatically extended past the expiry date of an Option governed by the Plan if such expiry date falls within a period (a "blackout period") during which the Corporation prohibits Optionees from exercising their Options provided that the following requirements are satisfied

(a) The blackout period must be formally imposed by the Corporation pursuant to its internal trading policies. For greater certainty, in the absence of the Corporation formally imposing a blackout period, the expiry date of any Options will not be automatically extended in any circumstances.

(b) The blackout period must expire upon the general disclosure of the undisclosed Material Information. The expiry date of the affected Options can be extended to no later than ten (10) business days after the expiry of the blackout period.

(c) The automatic extension of an Optionee's Options will not be permitted where the Optionee or the Corporation is subject to a cease trade order (or similar order under securities Laws) in respect of the Corporation's securities.

8. **Taxes.** The Corporation may withhold from any amount payable to an Optionee, either under this Plan or otherwise, such amount as it reasonably believes is necessary to enable the Corporation to comply with the applicable requirements of any federal, provincial, local, or foreign law, or any administrative policy of any applicable tax authority, relating to the withholding of tax or any other required deductions with respect to options ("Withholding Obligations"). The Corporation may also satisfy any liability for any such Withholding Obligations, on such terms and conditions as the Corporation may determine in its discretion, by (a) requiring an Optionee, as a condition to the exercise of any Options, to make such arrangements as the Corporation may require so that the Corporation can satisfy such Withholding Obligations including, without limitation, requiring the Optionee to remit to the Corporation in advance, or reimburse the Corporation for, any such Withholding Obligations or (b) selling on the Optionee's behalf, or requiring the Optionee to sell, any Shares acquired by the Optionee under the Plan, or retaining any amount which would otherwise be payable to the Optionee in connection with any such sale.

9. **Effect of Take-over Bid.** If a bona fide take-over bid (as defined under applicable securities Laws) (the "Offer") is made for Shares or Convertible Securities which, if successful would result (assuming the conversion, exchange or exercise of the Convertible Securities, if any, that are the subject of the take-over bid) in any Person or Persons acting jointly or in concert (as determined under applicable securities Laws) or Persons associated or affiliated with such Person or Persons (as determined under applicable securities Laws) beneficially, directly or indirectly, owning shares that would, notwithstanding any agreement to the contrary, entitle the holders thereof for the first time to cast at least 50% of the votes attaching to all shares in the capital of the Corporation that may be cast to elect Directors, the Corporation shall, immediately upon receipt of notice of the Offer, notify each Optionee of full particulars of the Offer, whereupon all Common Shares subject to such Option will become fully vested and the Option may be exercised in whole or in part by the Optionee so as to permit the Optionee to tender the Common Shares received upon such exercise, pursuant to the Offer. However, if:

(a) the Offer is not completed within the time specified therein; or

Appendix "A" Stock Option Plan

(b) all of the Shares tendered by the Optionee pursuant to the Offer are not taken up or paid for by the offeror in respect thereof,

then the Shares received upon such exercise, or in the case of clause (b) above, the Shares that are not taken up and paid for may be returned by the Optionee to the Corporation and reinstated as authorized but unissued Shares and with respect to such returned Shares, the Option shall be reinstated as if it had not been exercised and the terms upon which such Shares were to become vested pursuant to his section shall be reinstated. If any Shares are returned to the Corporation under this section, the Corporation shall immediately refund the exercise price to the Optionee for such Shares.

10. **Legends.** Certificates for Shares issued upon exercise of Options shall bear such legend as may be required by applicable law or any Stock Exchange on which the Shares are listed for trading.

11. **Changes to Shares.** Notwithstanding any other provision of this Plan, in the event of any change in the outstanding Shares of the Corporation by reason of any stock dividend, split, recapitalization, reclassification, amalgamation, merger, consolidation, combination or exchange of Shares or distribution of rights to holders of Shares or any other form of corporate reorganization whatsoever, an equitable adjustment shall be made to any Options then outstanding and the Exercise Price (or Prices) in respect of such Options. Such adjustments shall be made by the Board in its sole discretion and, subject to applicable law, shall be conclusive and binding for all purposes of the Plan.

12. **Necessary Approvals.** The grant of Options, the obligation of the Corporation to sell and deliver Shares on the exercise of Options, and any amendments to the Plan or to the terms of an Option granted under this Plan, shall be subject to any approvals required by applicable law or any Stock Exchanges on which the Shares are listed for trading being obtained.

13. **Administration of the Plan.** The Board may interpret the Plan and make all other determinations that it considers in its sole discretion to be necessary or advisable for the administration of the Plan. The Board may, in its sole discretion, prescribe, adopt, amend and rescind rules and regulations for carrying out and administering the Plan. The interpretation and construction of any provision of the Plan by the Board shall be final and conclusive. The administration of the Plan shall be the responsibility of the appropriate officers of the Corporation duly designated for the purposes thereof by the Board and all costs in respect thereof shall be paid by the Corporation.

14. **Amendments to Plan or Options.** Subject to obtaining the consent of applicable securities regulatory authorities in those circumstances where such consent is required, and shareholder approval in those circumstances where such approval is required to be obtained by any regulatory authority, the Board may amend, modify or terminate the Plan or an Option at any time if and when it considers it to be advisable to do so in its sole discretion, except with respect to any Option then outstanding under the Plan. No such amended Options may be exercise unless and until such approvals are given.

15. **Consent to Amend.** The Board may amend any Option with the consent of the affected Optionee and the Stock Exchange, including any shareholder approval required by the Stock Exchange. For greater certainty, disinterested shareholder approval is required for any reduction in the exercise price of an Option if the Optionee is an Insider at the time of the proposed amendment.

16. **No Undertaking or Representation.** The Corporation makes no undertaking or representation as to the future value or price, or as to the listing on any Stock Exchange, of any Shares issued in accordance with the Plan.

17. **Assignability and Transferability.** Options (and any rights thereunder) shall not be assignable or transferable otherwise than by will or pursuant to the laws of succession or descent and distribution, and, during the lifetime of an Optionee, shall only be exercisable by the Optionee.

Appendix "A" Stock Option Plan

18. Compliance with Applicable Law. If any provision of the Plan or any Option contravenes any law or any order, policy, by-law or regulation of any regulatory body or Stock Exchange having jurisdiction or authority over securities of the Corporation or the Plan, then such provision shall be deemed to be amended to the extent required to bring such provision into compliance therewith.

19. Enurement. The Plan shall enure to the benefit of, and be binding upon, the Corporation, its Affiliates and their respective successors and assigns. The Plan shall enure to the benefit of, and be binding upon, an Optionee and the personal representative of a deceased Optionee.

20. Governing Law and Interpretation. The Plan, all option agreements, the grant and exercise of Options hereunder, and the sale, issue and delivery of Shares hereunder upon exercise of Options shall be, as applicable, governed by and construed in accordance with the laws of the Province of British Columbia and the federal laws of Canada applicable therein. The Courts of the Province of British Columbia shall have the exclusive jurisdiction to hear and decide any disputes or other matters arising herefrom.
